STOP COVID-19, NOT WORK

Implement Minor Forest Produce Scheme in
Non-Timber Forest Produce Centres during Covid-19 to support tribals!
Encourage hygienic practices to prevent Covid-19!

Non-timber Forest Produce Centres must:

- 1 Place hand sanitizers at the entrance of all NTFP primary processing centres, including Van Dhan Vikas Kendras

- 2 Not allow any person who has fever, cough and difficulty in breathing into the centre

- 3 Ensure the packing material for NTFP is clean and without damage so that the handlers do not come in contact with the NTFP

- 4 Speak sensitively to people and listen to their worries to manage discrimination

- 5 Make all the processors sit at least 2 meter away from each other

- 6 Advise processors to work in different shifts, or work from home under clean conditions if there is less space in the centre

- 7 Minimise Cash transactions and credit amounts into the bank accounts of the gatherers

Non-timber Forest Produce Gatherers and Processors must:

- 1** Cover nose and mouth with handkerchief or tissue while coughing or sneezing

- 2** Cough or sneeze into the fold of their upper arm or shoulder if they don't have handkerchief or tissue

- 3** Avoid touching mouth, nose, and eyes

- 4** Sanitize their hands before entering the centre, before and after work

- 5** Maintain at least 2 meter distance from each other

- 6** Observe social distancing, especially from persons who has fever, cough and difficulty in breathing

- 7** Get themselves screened and quarantined if they have slightest signs of Covid-19

- 8** Avoid spitting in public places

- 9** Sensitively speak and share your worries with each other to manage discrimination

- 10** Adopt cashless practices through government platforms like RuPay

In case anyone show symptoms like fever, cough or difficulty in breathing, contact Ministry of Health and Family Welfare's
