STOP COVID-19, NOT WORK

Encourage hygienic practices to prevent Covid-19!

- 1 Don't allow any person who has fever, cough and difficulty in breathing into the centre

- 2 Ensure the packing material for NTFP is clean and without damage

- 3 Make all the processors sit at least 2 meter away from each other

- 4 Advise processors to work in different shifts, or work from home under clean conditions if there is less space in the centre

- 5 Minimise Cash transactions and credit amounts into the bank accounts of the gatherers

In case anyone show symptoms like fever, cough or difficulty in breathing, contact Ministry of Health and Family Welfare's
